It is said some lives are linked through ages; whose soul wanders in the universe? A teenage girl realizes something odd is happening with her, and her thoughts are going weird and totally irrational. She had very terrible nightmares and enigmatic experiences. She discussed this with her best friend, and then together, decided to unearth the truth. But then she realized that it was all because of her past lives and that evil has once again returned to her life, this time with more power, more accurate planning, and more people with him. Now it is race against time before the girls life perishes. Filled with mystery, fiction, suspense, action, betrayal, and wits with teenage hilarity, the story wanders around a girl and her adventures to save an empire and herself too.
